The 23rd International Symposium on Intelligent Manufacturing Systems (ISMIS 2024) will be held in Warsaw, Poland, from June 26 to 29, 2024. The symposium will bring together researchers, engineers, and practitioners from academia and industry to discuss the latest advances in intelligent manufacturing and its applications.

ISMIS 2024 will provide a forum for the exchange of ideas and experiences on intelligent manufacturing technologies and their applications in various industries. The symposium will also feature keynote speeches by leading

experts in the field, as well as technical sessions, workshops, and exhibitions.

The main topics of ISMIS 2024 include:

- Automation and robotics
- Artificial intelligence and machine learning
- Data analytics and cyber-physical systems
- Industry 4.0 and smart manufacturing
- Sustainable manufacturing

ISMIS 2024 is a must-attend event for anyone interested in the latest advances in intelligent manufacturing. The symposium will provide an opportunity to learn about the latest research and developments in the field, as well as to network with leading experts and practitioners.

Important Dates

- Abstract submission deadline: March 15, 2024
- Full paper submission deadline: April 15, 2024
- Early registration deadline: May 15, 2024
- Conference dates: June 26-29, 2024

Contact Information
