In his groundbreaking book, "Diverted High Flyers and Frequent Liars," investigative journalist John Smith reveals the hidden world of corporate fraud, exposing the individuals and institutions that are responsible for these crimes.

Smith's book is a meticulously researched account of the most high-profile corporate fraud cases of the past decade. He interviews key players in

these cases, including whistleblowers, investigators, and prosecutors. He also draws on internal corporate documents and financial records to piece together the complex web of deceit that often leads to fraud.

Smith's findings are shocking. He reveals that corporate fraud is not just a problem of a few bad apples. It is a systemic problem that is enabled by a culture of greed and recklessness. He also shows how the current regulatory system is woefully inadequate to prevent and punish corporate fraud.

"Diverted High Flyers and Frequent Liars" is a must-read for anyone who wants to understand the real world of corporate finance. It is a powerful indictment of the individuals and institutions that are responsible for the fraud that has cost investors billions of dollars and undermined the public's trust in the financial system.
