In a world increasingly defined by urban living, the role of cities has become more critical than ever before. In "The Best Job In Politics: The City In The Twenty-First Century," renowned urbanist and former mayor of Pittsburgh Tom Murphy, provides a comprehensive and compelling account of the challenges and opportunities facing cities today.

Drawing on his decades of experience in local government, Murphy argues that the mayoralty has emerged as the most important and influential position in politics. As the leaders of our urban centers, mayors are at the forefront of addressing pressing issues such as economic development, social equity, and environmental sustainability.

"The Best Job In Politics" is a must-read for anyone interested in understanding the complex and dynamic world of urban politics. Murphy's insights into the role of mayors, the challenges of governing in an era of globalization, and the potential of cities to transform our lives are essential reading for aspiring politicians, urban planners, and anyone concerned about the future of our communities.

In this engaging and thought-provoking book, Murphy explores:

- The rise of the mayoralty as the most important job in politics
- The challenges of governing in an era of globalization
- The potential of cities to transform our lives
- The essential qualities of successful mayors

- The future of urban politics

"The Best Job In Politics" is an essential guide for anyone interested in understanding the future of our cities. Murphy's unique perspective and deep understanding of urban politics make this book a valuable resource for scholars, practitioners, and anyone concerned about the future of our communities.
