Reclaiming the Lost Voice

Trauma often silences the voices of survivors. But "Poetry of Healing and Abuse" offers a platform for these voices to be heard. What Is A Survivor?

A survivor is a person who has been through hell
They usually have terrible, terrible stories to tell
They didn't give up when things went wrong
They fought and fought till the bitter end
They carried the truth in their heart of hearts
They found a way so they could win
They turn something real bad into something all good
Can they know that good will win out in the end
You can tell a survivor a mile away
They will smile to show you they want to win
Having learnt from experience what they need to do
How to use what they know for something that's good
They will work real hard for a cause or two
So if you meet a survivor you will know in the end
Cos they don't give up till the very end
They think of others and not just themselves
They may even save a life or two
Cos they stand for me, them and the good of us all
That's what you will be very pleased that
You had the chance to meet with them at all

Moral: Never ever give up cos you will win in the end!
